

46. Supervisions

At **Sunshine Children's Centre** we implement a system of supervision for all of our staff following their induction and probation period. Supervision is part of the nursery's overall performance management system and promotes a culture of mutual support, teamwork and continuous improvement. It encourages the confidential discussion of sensitive issues including the opportunity for staff and their managers to:

- Discuss any issues – particularly concerning children's development or well-being, including child protection concerns
- Identify solutions to address issues as they arise
- Receive coaching to improve their personal effectiveness
- Develop their own skills in order to progress in their role
- Discuss any concerns relating to changes in personal circumstances that might affect an individual's ability/suitability to work with children
- Set agreed targets

The frequency of supervision meetings is 3 times per year, according to individual needs. A template agenda is used in all meetings to ensure consistency across the nursery.

There should always be something that a member of staff can discuss, e.g. a particular child's development, strengths or concerns

There may be times when supervision may be increased for members of the team as and when needed, i.e. if they have particular concerns about a child or if they are going through personal circumstances at home, for new starters, staff returning after long-term illness, underperformance or on request from staff.

It is the responsibility of the manager to plan time to ensure that all staff have supervisions. At **Sunshine Children's Centre** supervision is carried out by the manager and deputy manager. If for any reason a supervision is cancelled a new date will be rearranged.

All members of staff responsible for carrying out supervisions are trained and supported prior to carrying these out.

Supervision meetings also offer regular opportunities for members of staff to raise any changes in their personal circumstances that may affect their suitability to work with children. This should include any incidents resulting in a reprimand, caution or prosecution by the police, any court orders, changes to their health, or changes to or incidents affecting members of their household that may disqualify that person from working with children (a staff member is disqualified from working with children, if they live in the same household as a disqualified person). These changes are recorded as a declaration on the individual member of staff's supervision form and appropriate action is taken, where applicable, in line with the safeguarding/child protection and disciplinary procedure.

Staff have a responsibility to ensure that they are available for supervision meetings and that the necessary paperwork is complete. Information shared in supervision sessions is confidential. The supervision process will be evaluated once/twice a year through staff feedback and is used as part of the overall performance monitoring system at the nursery.
